Dear Hal=

As I promised you I'm enclosing copies of various articles I believe you'll find of interest.. The particular ones I think you'll find are these=(1)"Back Channels" article on Weisberg by Mike Stanke (of Wisconsin; (2) A review of Groden's new book by Doug Horne. Doug is a researcher I met in Dallas at the "ASK" Symposium last November. We keep in regular touch by mail; (3) the Peter Dale Scott report on the Lopez Report; (4) The Anthony Summers article in the British Esquire (on Oswald). Keep in mind that this is the British not the American version; (5) The San Jose Mercury article of 1/24/94 on Kal Korff.

On the Kal Korff article= I don't recall if I wrote you before but I did find in the San Jose/Santa Clar telephone Directory the name & phone number of the company Kal Korff works for. Here it is (incase I didn't already give it to you)=

CLARIS CORP. ------ #987-7000
CUSTOMER RELATIONS ---- #727-8227
TECHNICAL SUPPORT ---- #727-9054.

Note= A local researcher here in the area told me that

he personally knows the Brad Sparks (mentioned in the article on Korff). Apparently at one time Sparks was a keen JFK assassination buff and also a UFO researcher. If you need to know more I can find out more about Sparks.

I have not yet contacted Kal Korff and am wondering just exactly how to go about this. Perhaps you can suggest how I can do this. Of course I don't buy any of his "computer research" he claims to have done which outdid Posner.

You had also asked me if I knew of any other place besides Livingstone's "Treason" book where the Robert Livingston statement appeared (in written or printed form) & the answer is — no. There is another form it appeared in & that is on video when he spoke at the "Ask" Symposium last November, 1993. Of course the video can be ordered through the Symposium but that is the only known form I know of. There isn't any question that he repeated the essentials of what he had to say at the "Ask" Symposium & I can understand your reluctance to quote from Livingstone's book. Perhaps you can obtain Dr. Livingston's address & phone # from the "Ask" Symposium or through Mary Ferrell.

You had also asked me to give you the publisher & date of Aster's book on Mengele. I will do this but I haven't been to the library lately & I'll provide

that information after I do visit the library.

One last item - I don't recall if I mentioned this but some time in the Spring of 1994 I'll be doing a 13 one-hour series for a local (S.F.) Cable TV station on the subject ("Assassination Update"). I chose the title & it'll be a monthly series. I'd like to have you as a guess but the problem is that it is a live TV show. Perhaps I can get someone to tape you (Stan Sizerszen comes to mind) & we can use the video on the live portion). Most likely the series will be aired on a week-day night at about 8 p.m. (S.F. time). Of course this is months away & I'd like to have you consider this & let me know what your thoughts are on this.

I hope the enclosures will be of use and if I come across more I'll send you copies. In the meantime I do hope that the latest storm hasn't seriously interfered with your activities.

Best,

Hal
